CAN BE SUPPLIED ON REQUEST

PROFILE

I am a tech enthusiast who loves the unparalleled possibilities and pathways which data can create in improving user experience. I have a genuine enthusiasm for being part of teams that make a real difference which stems from my background in education, software engineering and data analytics. This experience paired with my recent role within Google Procurement Organization has given me a unique skillset to bring to my next challenge.

EXPERIENCE

BUSINESS PLANNING AND MARKET INTEL PROCUREMENT ANALYST

GOOGLE POWERED BY ADECCO | APR 22 - PRESENT

- Delivering end-to-end reporting solutions for multiple stakeholders across Google.
- Planning and advancing reporting needs through Salesforce, PLX, Data Studio and PLX Dashboards.
